

THE CYCLE OF WARMTH

by Marcini Yr 9

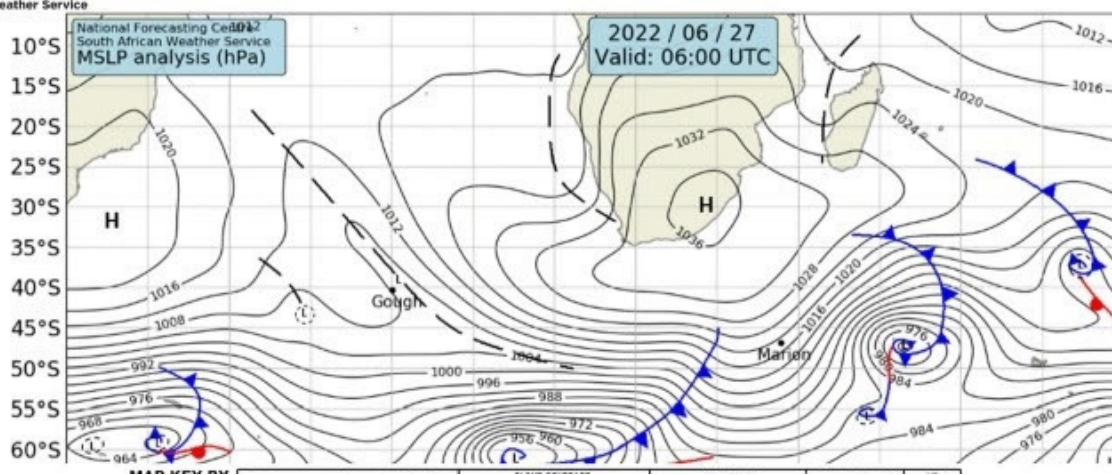

All the students and residents of the College recently experienced icy weather. Warm winter jackets provided some comfort. According to Mr Fynn, the cooler temperatures were due to the circulation around the High Pressure (anticyclone), which was anticlockwise and diverted moist air (feed air horizontally) over the Mozambique channel into Mozambique, Malawi and Zambia.

ELEPHANT EPIC

by Marcini P Yr 9

IT'S THE 11TH YEAR FOR THE ANNUAL GAME RANGERS INTERNATIONAL ELEPHANT EPIC FUNDRAISING CHALLENGE.

ZAK KEEVIL

JOSHUA VAN
HEERDAN

RUBEN VAN
HEERDAN

RUAN HAMMAN

Zambia is where it all started and this fundraising event has now developed into a global event. The race, which runs from Lusaka to Lower Zambezi [75km], had 4 students from Trident College taking part.

GRI is a non-profit organisation that works closely with the Department of National Parks and Wildlife. Funds from this event go towards conserving wildlife and wild spaces in Zambia.

VOLUNTEER AT GAME RANGERS INTERNATIONAL

A volunteer program is available, which allows you the opportunity to assist GRI at each of their locations. You will encounter three pillars of conservation: Wildlife Rescue, Resource Protection and Community Outreach.

In Zambia, you will be living in bush camps, observing elephant behaviour, delivering conservation education, and cooking by the campfire, all while surrounded by wildlife.

Junior Ball

by: Charne YR.7 &
Racheal YR.9

On the 25th of June, Trident College held its first Junior ball. The dress code was formal. The girls were elegant and the boys turned up well-groomed, wearing suits. Entry for the ball was K200 which went towards fundraising. The students were treated to a 3-course meal and entertaining music. Everyone had a fabulous evening.

MR & MRS VISSER **FAREWELL**

By: Nothulu Yr 13 & Sophie Yr 7

At the end of July, we bid farewell to two highly valued teachers, Mr & Mrs Visser.

Mr Visser, whom we welcomed to Trident in 2017, has made a considerable impact from co-curricular programs to shaping students' minds around Design & Technology. He always encourages students to value academics and be able to engage in other activities. For example, he recently trained our hockey, rugby and football teams alongside other coaches.

Mr Visser played a huge part in the selection of our Learner Leaders as he allocated time to mentor them.

Mrs Visser joined the college two years after Mr Visser did. She was head of the SEN department and played a significant role in the Science and English department. She is a good listener and assists students going through hard times. For example, if someone is being bullied, she takes her time to talk to the person who is being bullied as well as the bully.

She spared her time to volunteer away from the college as well, like hockey. We will miss her a lot because she was not just a great teacher but a mother to everyone.

As they progress onto their next journey, we wish them the best .

YEAR 10 CAMP 2022

Likezo Sakala Yr.10 & Shaun Yr.1

The Year 10 Camp ran from the 12th to the 15th of July. It was themed Personal Mastery and took place in Musele GMA on the Kabompo river. Below is a link to a youtube video of the event:

<https://youtube.com/watch?v=283wy9RBh8U&feature=share>

5 Tips to be a successful camper :

1. Be prepared
2. Use common sense
3. Have first aid equipment
4. Be aware of the weather
5. Keep an eye on the wildlife

RAVENSTHORPE

SARAH YR 13

Hostel life is amazing! Especially at night.
Friends, fun and laughter!

-Bharat Maru

'Ravensthorpe', named after one of the First Quantum Mines, is the senior boy's hostel at Trident College. It comprises years 10, 12 and 13 boys boarding at the school. Once you are settled and equipped with the guidelines of how the hostel operates, everything falls into place as you build relationships that assist livelihood inside and outside the hostel. In boarding, the house gym initiates the young men's health benefits, muscle building and sports performance goals, plus a pool table to enjoy their leisure time.

2022 in Ravensthorpe began with a tremendous shift after the coming of a new house parent, Mr Andrew Cole. He is Scottish by birth but a South African family man that taught in Abu Dhabi for 16 years. Since joining Ravensthorpe, he has prioritised developments which include the gym. He wishes to bring table tennis, air hockey and picnic benches for more pleasure during leisure time in the hostel. He was asked about his vision for Ravensthorpe; "What makes our community so special is its diversity. I believe that diversity is the key to the future, and regardless of who you are, where you come from or where you are going, Ravensthorpe is your home - the breeding ground for future leaders of Zambia and the world, and we won't stop until we make that dream a reality." Mr Cole, alongside Mr Ambali, Mr Siwale and the matron, work together to ensure stability and coordination in the hostel.

WORLD SCHOLAR'S CUP

**SARAH
YEAR 13**

Held annually, the Scholar's Cup is an international team academic program involving 65 countries. It aims to teach students interesting, not-taught-in-school lessons and find common ground between people of different backgrounds. It begins with the 65 countries carrying out a regional competition to filter and select the best of the best to participate in the global round in selected regions of the world.

On Saturday 9th July, many of our pupils participated in the World Scholar's Cup competition in Lusaka. There were two groups (junior and senior) that represented the school with students debating, writing and the scholar's challenge which involved multiple choice questions.

The junior team comprised of Claudia Folotiya, Panaka Ndoreka, Nakuyela Mwamba, Rene Ndhlovu, Adoniah Chisanga, Chisomo Sikakwa, Thabo Sakanga, Wankumbu Kampamba Chimzaram Ajih, who gladly left the competition with 43 medals and 10 trophies. The senior team, with only three members, Akabondo Munalula, Olivia Kabukala and Chisebwe Fumbeshi, also left with 5 medals and 3 trophies.

These medals and trophies were won both individually and as group awards. With so many wins and awards, we hope the students return with more medals from the global round.

CHESS AT TRIDENT COLLEGE!

By Kushal.S Y8

WHAT IS CHESS ?

Chess is a board game of strategic skill, for two players played on a chequered board, on which each playing piece is moved according to precise rules. The object is to put the opponent's king under a direct attack from which escape is impossible, which is also called checkmate.

Grandmaster
Adly Ahmed

On the 2nd of July, 3 Trident students, Willem Waldeck, Sarah Nsokolo, Stephen Mulenga and chess guru Mr M'hango, left the College for the 2022 Africa Chess Tournament. This was a one-week chess tournament at the Mika Convention Centre in Lusaka. The players went against people from all over the continent for the 'Shah Mat' game. The students were exposed to different strategies and enjoyed their time there, even though none of them returned with a medal.

Art Eisteddfod

Jaeden and Tilly yr9

According to our Head of Culture, Mrs Dunlop, Eisteddfod activities are inter-house cultural activities that occur throughout the year. They include public speaking, drama, singing, instrumental music, art and photography. This term, we had two days of festivities with the art and photography exhibitions in the afternoons of Monday 25th and Tuesday 26th July and the instrumental music and singing in the evenings on both days. The winners for this year will have their work put in the 2023 calendar.

The Art Eisteddfod showcased students interested in revealing their artistic talents through the visual arts. Two students from each year group represented their houses. They selected one of the allocated themes to create original artwork. This year, Livingstone took the lead in this category.

HOUSE INSTRUMENTALS

Sarah Year 13

On Tuesday 25th July, there was a house instrumental performance competition. Each house had to put forward representatives for two categories which were solo pieces and group pieces. There were a wide range of performances in terms of age and genre, including Lady Gaga, Spanish cultural pieces, Gospel blues and some good old classical music. Seeing students impress the crowd as they passionately played their instruments was so exciting.

Solo Performers

Mandela scooping 1st position

Annan taking 2nd place

Livingstone taking 3rd place

Gandhi in 4th place

House singing

By Kuwunda
Milasa Yr.7

On the 26th July, an Eisteddfod house singing competition was held. The competition involved all members of each house singing two songs. These included a set song that was compiled by teachers that each house would need to arrange to perform and a second song which was the house choice song. Altogether, there were 8 pieces of music performed. Livingstone once again took the lead followed by Mandela, Gandhi and Annan.

EISTEDDFOD PHOTOGRAPHY

Many students adore photography as a passion and love that Trident is offering it as something they can do after classes as a CCA. Sometimes in class students have trouble expressing their personality and creativity in a fun way. This year, the number of people participating in Eisteddfod photography increased to 19 from the 7 participants last year. The competition was stiff; however, Livingstone came out victorious.

SPORT

Volleyball and basketball were the leading sports this cycle with both female and male students playing these sports over the weekend. Several teams were formed to play against the local schools surrounding Trident. These teams successfully beat all the schools they went against playing both inside and outside the College. Besides these two sports, netball and football were also played during CCAs.

Mpongwe Trip

SARAH YR.13

During the last weekend of Cycle 4, students and some members of staff left Solwezi to market the school in Mpongwe. It was a 10 hour trip before the students could set up camp and prepare for the weekend.

The next day, some of the students participated in a cycling event while others set up a stall as part of the promotion. This gave the students a chance to showcase their verbal skills. They spoke to many people at the event. As you can see from the pictures, the students enjoyed their time in Mpongwe. According to the students, one of the highlights of the trip was meeting famous Zambian musician Izrael who performed.
